

Press Release - Bill Woods joins Funktion One

MAY 2012

Bill Woods has joined Funktion One in the role of Director of Business Development. "Bill's vast experience of working with distributors and dealers worldwide makes him the ideal addition to our company" commented Funktion One's Ann Andrews. She added "As our business expands we have found ourselves spread just a little too thin. We decided we needed to add another sales person. Bill has been a friend of Funktion One for years so it made sense to talk to him".

Funktion One's Sales Director, David Bruml said "We are extremely pleased to be welcoming Bill to the Funktion One team. We have been on the lookout for someone of his calibre and experience for some time now and we very much look forward to working together."

Bill Woods commented, "Having witnessed the growth of Funktion One first hand as a supplier with XTA and MC2 I was very excited to be invited to join the team. As the company approaches its twentieth anniversary it is poised for further expansion and I am looking forward to being part of that process"

Funktion One's founder Tony Andrews concluded: "Bill will fit in perfectly here, he has the experience we require and the skill set that we need. We are all looking forward to the positive effect he will have on the company".
