IMPORTANT NOTE
In use secondary safety attachment should always be made.

M10 eyebolts may be used instead of plain bolts, in some positions, in order to provide safety attachment and guide ropes/wires.

Lifting schackle.

Rib welded to upper "Ray plate".

M10 bolts secure plates to R3 internal flypoints.

Central slots on lower "Ray plate" may be omitted.

Assembly without speakers (not all fixings shown).

M12 threaded rod secured with locknuts on ends.

Completed assembly (not all fixings shown).

All dimensions in mm and inches
